	[120 000–160 000]	[140 000–200 000]	[160 000–220 000]
People living with HIV (men, 15+)	78 000	90 000	91 000
	[66 000–99 000]	[75 000–110 000]	[77 000 <b>–1</b> 10 000]
HIV prevalence (15–49)	1.9 [1.6–2.3]	1.9 [1.6–2.2]	1.6 [1.3–1.9]

LAWS AND POLICIES	
Laws criminalizing the transmission of, non- disclosure of or exposure to HIV transmission	Yes
Criminalization of sex work among consenting adults	Sex work is not subject to punitive regulations and is not criminalized anywhere in the country
Criminalization of same-sex sexual acts in private	No, laws penalizing consensual same-sex sexual acts have been decriminalized or have never existed anywhere in the country
Criminalization of possession of small amounts of drugs	Yes
Criminalization of transgender people	Yes
Laws or policies restricting the entry, stay and residence of people living with HIV	No restrictions
Parental consent for adolescents to access HIV testing	Yes
Spousal consent for married women to access sexual and reproductive health services	No
Mandatory HIV testing for marriage, work or residence permits or for certain groups	No

#### **STIGMA AND DISCRIMINATION**

Percentage of women and men aged 15–49 years who report discriminatory attitudes towards people living with HIV

... .

Percentage of people living with HIV who report experienced stigma and discrimination in the general community in the last 12 months

Percentage of people living with HIV who report experiences of HIV-related discrimination in health-care settings

#### **GENDER INEQUALITY AND VIOLENCE**

Proportion of ever-married or partnered women aged 15–49 years who experienced physical or sexual violence from a male intimate partner in the past 12 months

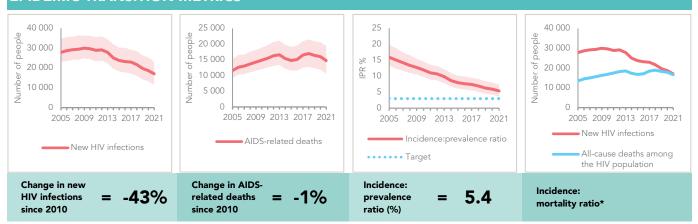

...

latory HIV testing for marriage, work or ence permits or for certain groups

No

Percentage of women and men aged 15 to 49 years who agree that a husband is justified in hitting or beating his wife for specific reasons

ELIMINATION OF VERTICAL TRANSMISSION				
	2015	2021		
Percentage of pregnant women living with HIV accessing antiretroviral medicines	31% [24–37%]	75% [58–94%]		
Final vertical transmission rate including during breastfeeding	27.0% [25.1–28.9%]	15.2% [10.3–18.7%]		
Early infant diagnosis	4.5% [3.7–5.7%]	3.1% [2.5–4.1%]		

HIV COMORBIDITIES	
Estimated number of incident tuberculosis cases among people living with HIV (2020)	13 000 [8700 –19 000]
People living with HIV who started TB preventive therapy (2020)	5721
Cervical cancer screening of women living with HIV	
People coinfected with HIV and hepatitis C virus starting hepatitis C treatment	

HIV PREVENTION	
Adults aged 15+ years with unsuppressed viral load	
Knowledge of HIV prevention among young people aged 15–24 years	
— Women	
— Men	
Condom use at last sex with a non-marital, non-cohabiting partner among people aged 15–49 years	
— Women	
— Men	
Women aged 15–49 years who have their demand for family planning satisfied by modern methods	
Men aged 15–49 years who are circumcised	Not applicable
Voluntary medical male circumcisions performed according to national standards	Not applicable
People who received PrEP at least once during the reporting period	
Harm reduction	
<ul> <li>Use of sterile injecting equipment at last injection</li> </ul>	
<ul> <li>Needles and syringes distributed per person who injects</li> </ul>	
<ul> <li>Coverage of agonist opioid methadone therapy</li> </ul>	
— Naloxone available (2022)	

<sup>\*\*</sup> Programme data—not representative; includes people with negative results.

LAWS AND POLICIES	
Laws criminalizing the transmission of, non- disclosure of or exposure to HIV transmission	No
Criminalization of sex work among consenting adults	Any criminalization or punitive regulation of sex work
Criminalization of same-sex sexual acts in private	Yes, imprisonment (up to 14 years)
Criminalization of possession of small amounts of drugs	Yes
Criminalization of transgender people	
Laws or policies restricting the entry, stay and residence of people living with HIV	Prohibit short- and/or long-stay and require HIV testing or disclosure for some permits
Parental consent for adolescents to access HIV testing	Yes
Spousal consent for married women to access sexual and reproductive health services	No
Mandatory HIV testing for marriage, work or residence permits or for certain groups	Yes

#### STIGMA AND DISCRIMINATION

Percentage of women and men aged 15–49 years who report discriminatory attitudes towards people living with HIV

Percentage of people living with HIV who

report experienced stigma and discrimination in the general community in the last 12 months

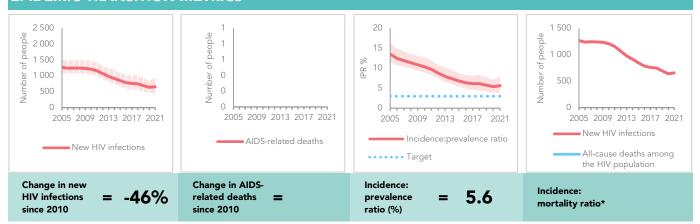

Percentage of people living with HIV who report experiences of HIV-related discrimination in health-care settings

#### **GENDER INEQUALITY AND VIOLENCE**

Proportion of ever-married or partnered women aged 15–49 years who experienced physical or sexual violence from a male intimate partner in the past 12 months

Percentage of women and men aged 15 to 49 years who agree that a husband is justified in hitting or beating his wife for specific reasons

LAWS AND POLICIES	
Laws criminalizing the transmission of, non- disclosure of or exposure to HIV transmission	No, but prosecutions exist based on general criminal laws
Criminalization of sex work among consenting adults	Any criminalization or punitive regulation of sex work
Criminalization of same-sex sexual acts in private	No, laws penalizing consensual same-sex sexual acts have been decriminalized or have never existed anywhere in the country
Criminalization of possession of small amounts of drugs	Yes
Criminalization of transgender people	No
Laws or policies restricting the entry, stay and residence of people living with HIV	No restrictions
Parental consent for adolescents to access HIV testing	Yes
Spousal consent for married women to access sexual and reproductive health services	No
Mandatory HIV testing for marriage, work or residence permits or for certain groups	No

STIGMA AND DISCRIMINATION		
Percentage of women aged 15–49 years who report discriminatory attitudes towards people living with HIV	•••	2017
		16.9
Percentage of people living with HIV who report experienced stigma and discrimination in the general community in the last 12 months		•••
Percentage of people living with HIV who report experiences of HIV-related discrimination in health-care settings		
GENDER INEQUALITY AND VIC	LEN	CE
Proportion of ever-married or partnered women aged 15–49 years who experienced		2017
physical or sexual violence from a male intimate partner in the past 12 months		30.3
Percentage of women and men aged 15 to 49 years who agree that a husband is justified in hitting or beating his wife for specific reasons		•••

LAWS AND POLICIES	
Laws criminalizing the transmission of, non- disclosure of or exposure to HIV transmission	Yes
Criminalization of sex work among consenting adults	Any criminalization or punitive regulation of sex work
Criminalization of same-sex sexual acts in private	Yes, imprisonment (14 years - life)
Criminalization of possession of small amounts of drugs	Yes
Criminalization of transgender people	No
Laws or policies restricting the entry, stay and residence of people living with HIV	No restrictions
Parental consent for adolescents to access HIV testing	Yes
Spousal consent for married women to access sexual and reproductive health services	No
Mandatory HIV testing for marriage, work or residence permits or for certain groups	Yes

report discriminatory attitudes towards people living with HIV	•••	
Percentage of people living with HIV who report experienced stigma and discrimination		

2017

24.7

**STIGMA AND DISCRIMINATION** 

Percentage of women aged 15-49 years who

in the general community in the last 12 months

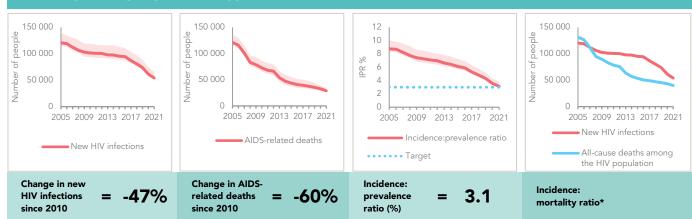

Percentage of people living with HIV who report experiences of HIV-related discrimination in health-care settings

#### **GENDER INEQUALITY AND VIOLENCE**

Proportion of ever-married or partnered women aged 15–49 years who experienced physical or sexual violence from a male intimate partner in the past 12 months

Percentage of women and men aged 15 to 49 years who agree that a husband is justified in hitting or beating his wife for specific reasons
